IMPERIAL College London

3 Courses

Getting started with TensorFlow 2

Customising your models with TensorFlow 2

Probabilistic Deep Learning with TensorFlow 2

16-May-2021

Rakshil Vijaybhai Kevadiya

has successfully completed the online, non-credit Specialization

TensorFlow 2 for Deep Learning

In this Specialization, learners have acquired and honed practical skills in the popular deep learning framework TensorFlow to develop deep learning models for a range of applications such as image classification, language translation and text and image generation. Learners completed programming assignments and capstone projects to apply their knowledge and skills.
